Protenza®

Protenza® is a super premium fully-fortified textured feed, formulated with the competition horse in mind. Manufactured with optimum levels of soluble fibers, oils and the highest-quality grains, Protenza provides a 20% boost in calories over conventional sweet feeds. Soluble fiber and oils provide for long-lasting energy release and controlled performance in the equine athlete.

Protenza is a highly palatable product ideal for any discipline requiring a feed with high levels of digestible energy, but reduced protein content. Protenza is calorie-dense, but “non-heating”—perfect for horses that are difficult to handle or mentally too “high.”

Feeding Instructions

This feed is a fully fortified ration. It is not necessary to add additional protein, vitamin or mineral supplements if this feed is fed as directed. Feed at the rate of 6-18 pounds per day depending on the intensity of the work, size and body condition of the horse. If individual feeding level drops below this minimum, consult Hallway Feeds on the use of a protein, vitamin, and mineral supplement, i.e. Stamm 30®. This feed is designed to be offered alongside forage to provide a balanced diet and to do so should be fed with a minimum of 1.5% of bodyweight per day of high quality forage (hay, pasture, hay cubes). Always provide a clean, fresh source of water and free choice salt. Contact Hallway Feeds or your local dealer if you have any questions about the use of this product.

- REDUCED PROTEIN
- HIGH FAT, HIGH FIBER
- SUSTAINABLE ENERGY
- “COOL CALORIES”
- HARD KEEPERS

NUTRITIONAL ANALYSIS

PROTEIN	10%
DIGESTIBLE ENERGY	1500 KCAL/LB
